

SPORTS TRACKING WATCH

Functional sports watch with tracking and telephone capabilities.

-  Panic alarm
-  Mobile phone
-  Geo-fencing

TrackIT

Sports Tracking Watch - Personal Tracker

OVERVIEW

The Sports Tracking Watch is a functional GPS enabled tracking device with two-way call functionality. The outside appearance gives no indication that the watch is anything other than a standard sports watch.

PANIC ALARM

The device has an SOS alarm function and also allows SOS emergency calls to pre-programmed numbers.

POWER

The watch is powered by a 450 μ A battery which can be charged via a mains cable. Battery life depends on the usage of the watch - mobile phone calls will use up the battery at a faster rate.

PACKAGE CONTENTS

1 x GPS tracking watch phone
1 x USB earphone
1 x USB cable
2 x battery
1 x power adaptor
User manual

KEY FEATURES

- Real-time GPS/GPRS tracking from base station
